

GO!LEARN

FINANCIAL LITERACY PROGRAM

Go!Learn is an award-winning educational program created by Legence Bank to **EDUCATE, INFORM, and ENCOURAGE** financial knowledge in our communities.

As our economy, culture, and society changes, the need for personal financial management grows. Legence Bank strives to provide the essential services their customers need and believes financial education is a growing need in communities across America.

For over a decade, Legence Bank has provided financial literacy classes to a variety of ages from elementary school to high school to adult courses. Our Go!Learn team has created several resources, including a storybook, activity book, comic book, and interactive real-world game, for students to have a FUN and ENGAGING learning experience.

"The presenters were energetic, enthusiastic about the topic, and presented the material in an age appropriate manner. Lucky made a wonderful impression on the students because they still talk about him."

– Jordana Scher, 1st Grade Teacher
at Gallatin County Elementary
School

Go!Learn's Mascot,
Lucky the Super Star Saver

GO!LEARN IN THE COMMUNITY

Our Go!Learn financial literacy program extends beyond the local schools. We provide copies of our Lucky's Super Savings Adventures storybook to libraries and read our book at different library functions throughout the year. Lucky, our Go!Learn mascot, is often seen at parades, festivals, and other community events.

We also work with local non-profit organizations to provide financial literacy classes to adults in communities with topics ranging from basic banking, budgeting, credit and more!

“

Legence Bank and their Go!Learn program has been so generous of their time and resources with the library! We love seeing the excitement on the children's faces as they learn new things about finances. Legence Bank has made a vital impact in our children's programs for years and we are thrilled to have them join us in supporting our community.

– Shelley Hudspath, Coordinator of Children's Services at Marion Carnegie Library
