

POWER your SOLAR projects with

# LEGENCE BANK

The SOLAR LOAN provides the borrower with several **BENEFITS:**

- 100% of the financing for equipment and labor costs
- No down payment
- Terms of 8, 9, or 10 years with first 18 month interest only period for loans exceeding \$25,000. (Converting to monthly amortizing principal and interest payments after 18 months)
- For loans \$25,000 or less, we offer a 5 year, fully amortizing loan.
- Loan will automatically re-amortize with any principal reductions made, resulting in greater cash flow savings each month
- 0.25% (25 bps) interest rate “discount” for auto debit from checking account held at Legence Bank

The solar energy industry is *complex*, but the financing is not with **LEGENCE BANK**. We offer solar panel retailers and their customers a *first-class lending experience*.

You could pay as little as \$1,359.47 per month on a solar loan with our current 8.75% interest rate (8.950% APR\*) with a term of 96 months and an amortization period of 78 months.

\*Annual Percentage Rate (APR) is accurate as of 1/9/24 for loans in the bank’s market area and is subject to change at any time. All loans are subject to the bank’s underwriting standards.

This payment example is based on a loan amount of \$80,630.00 with zero down payment and a 8.950% APR. Payment example does not take into consideration any additional principal payments that may be made.
