"My husband and I had an excellent experience with Bill Ghent Insurance, thanks to the outstanding service provided by Ryan Patton. Ryan took the time to thoroughly review both our home and commercial property insurance. He identified an alternative option that provided better coverage at a reduced rate. As a result, Ryan was able to save us a substantial amount of money in premiums without sacrificing protection. We highly recommend Ryan and the team at Bill Ghent Insurance for their knowledge, diligence, and commitment to their clients."

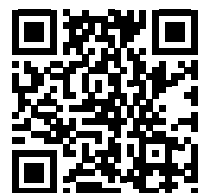

- Gloria Tison

The process was straightforward, well-communicated, and handled with efficiency. Their team demonstrated a high level of customer service, expertise, and integrity. I recommend them without hesitation."
